// SKILLS AND WORKFLOW -

- USER INTERFACE DESIGN
- HI-FIDELITY MOCKUPS
- VISUAL DESIGN SYSTEMS
- SKETCH
- ADOBE ILLUSTRATOR

- MATERIAL DESIGN
- MOBILE DESIGN
- BRANDING
- ADOBE CREATIVE SUITE
- ILLUSTRATIONS

- ZEPLIN, MARVEL, INVISION
- RAPID PROTOTYPING
- FRAMER, PRINCIPLE
- W3C VALIDATED HTML5,CSS3
- TYPOGRAPHY

// WORK EXPERIENCE -

STUDYCOPTER (UI DESIGNER)   MAY 2016-OCTOBER 2016

- Revamped the entire UI for the android app and the Studycopter website with user centered design principles.
- Created the design system and documented the UI standards and styles to be used on different mediums for the entire product.
- Created the hi-fidelity mockups, wireframes and prototypes for different features.

CROSSCHECKS (UI AND UX DESIGNER)   OCTOBER 2016-NOVEMBER 2016

- Worked with the co-founders to design effective UI and UX for the application, from sketches to wireframes to mockups and prototypes.
- Worked on several iterations to design the branding, illustrations and the design system for the application.

GOQII (UI AND VISUAL DESIGNER)   OCTOBER 2016-NOVEMBER 2016

- Built a friendly user interface and fun and inviting Illustrations for the Goqii Coach App.
- Worked closely with engineers, product managers and sales department to deliver high quality UI and UX for the coaches to monitor and manage players.

STUDYCOPTER BOOK (UI AND VISUAL DESIGNER)   OCTOBER 2016-NOVEMBER 2016

- Designed the Studycopter Book theme to be elegant, fun and interactive with effective typography and color scheme.
- Designed fun and vibrant illustrations and covers for the book that help in breaking the norm about studies and education being boring.

// PERSONAL PROJECTS -

AMITUSLAB
MAY 2015-PRESENT

- Led the visual design and worked closely with engineers, product managers and researchers to ship multiple rich applications with challenging timelines.
- Architectured the user interface and experience for a complex realtime messaging system between players for Mafia, a multiplayer strategy game.

// EDUCATION -

BACHELOR OF TECHNOLOGY (COMPUTER SCIENCE)
Graduated in May 2016

// OTHER THINGS I LOVE -

I am a religious Cricket fan and love playing it. Playing songs on guitar is another stress reliever for me.
